

Dear Customer

Object: Ducati energia – Motor Run Capacitors - Substances of Very High Concern – REACH regulation EC 1907/2006 according to the last update.

With reference to the draft “Candidate list of Very High Concern for authorization” We hereby declare that none of the substances listed (limited to substances listed in the candidate list of the European Chemicals Agency ECHA, today) are intentionally added in the materials manufactured By Ducati Energia S.p.A. Furthermore based on our knowledge of the manufacturing process and information provided by raw material suppliers, we do not expect these substances to be present in our final product above of the REACH regulation limit, requiring further information to the supply chain.

R&D Manager
A. Zanfei

Bologna 28/11/2023

This declaration is based on our best knowledge and on the information we received from our suppliers. Ducati Energia S.p.A. does not carry out any control regarding the production of the products for verifying the presence of these banned substances, barring specific agreements with the customer. Ducati Energia S.p.A. declines any responsibility in case of incorrect use of the products and of the information given in this document.
